

Promac Brushcutter RGP Series

Promac RGP Rotary General Purpose Brushcutter The industry standard

The Rotary General Purpose (RGP) Brushcutter has features desired by operators who need it for a variety of applications ranging from cutting of long grass to taking down 4" to 5" diameter. This model features a rotor with heavy duty hinged heat treated cutting blades, which make for a variable finished product size, minimal mulching capabilities but high production speed.

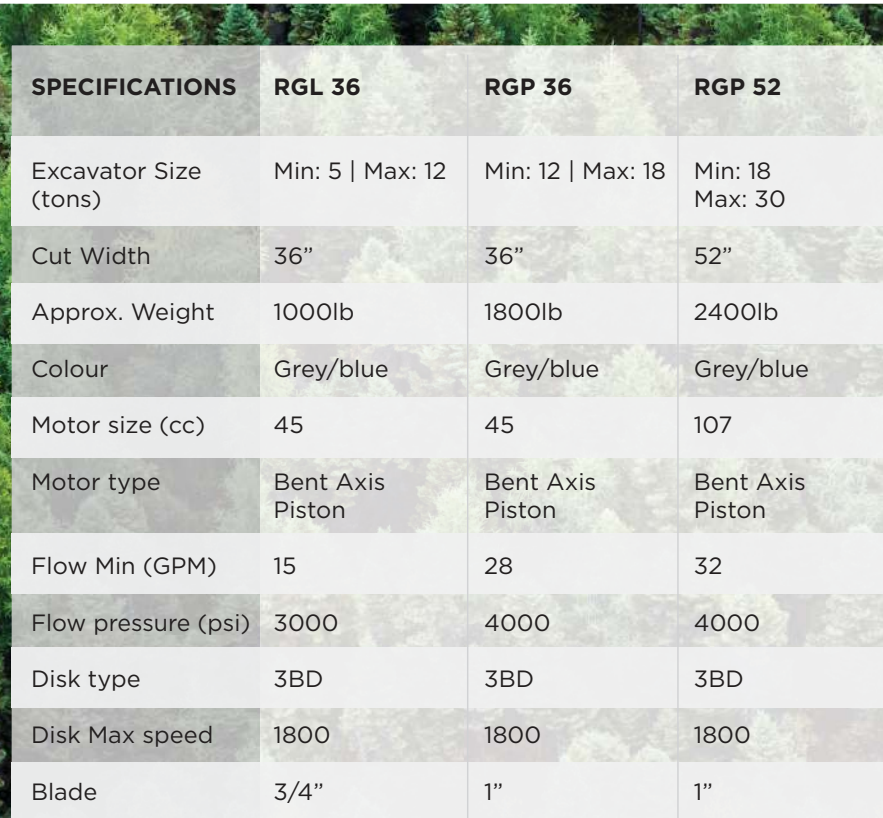

STANDARD FEATURES

- Three blade disc (3BD) with hardened steel blades for long lasting service
- Heavy duty structural frame construction of fully welded plate
- Wear resistant liner constructed with QT100 plate
- Shroud doors on each side of the Brushcutter providing multiple cutting options
- Promac designed and precision-manufactured components including tooling, disc, bearing housing, shafts and drive system
- Engineering and design services to match the customer's auxiliary hydraulic flow to attain the desired disk operating speeds
- Renowned Promac warranty, service and support

OPTIONAL FEATURES

- 'Flat Top' pusher pad (RGP 36 and RGP 52) or custom pusher pad with mounting bracket
- Upsized gear or variable displacement motor for superior low speed torque and enhanced disk speed recovery
- Custom designed mounting bracket to match your excavator
- Custom colour

STANDARD SPECIFICATIONS

SPECIFICATIONS	RGL 36	RGP 36	RGP 52
Excavator Size (tons)	Min: 5 Max: 12	Min: 12 Max: 18	Min: 18 Max: 30
Cut Width	36"	36"	52"
Approx. Weight	1000lb	1800lb	2400lb
Colour	Grey/blue	Grey/blue	Grey/blue
Motor size (cc)	45	45	107
Motor type	Bent Axis Piston	Bent Axis Piston	Bent Axis Piston
Flow Min (GPM)	15	28	32
Flow pressure (psi)	3000	4000	4000
Disk type	3BD	3BD	3BD
Disk Max speed	1800	1800	1800
Blade	3/4"	1"	1"

APPLICATIONS

- Land clearing
- Forest fire prevention
- Pipeline development and maintenance
- Transmission line development and maintenance
- Railway development and maintenance

CUSTOM BRACKETS

Every piece of equipment has a different attachment apparatus so one bracket 'does not fit all.' Promac offers a custom bracket manufacturing service for all of our Brushmulcher and Brushcutter customers. Tell us the make and model of your equipment and we will let you know what the design and manufacture of a custom bracket that exactly fits your needs will cost.
